NAFAS Definitions (The National Association of Flower Arranging Societies of Great Britain)
From the NAFAS Competitions Manual (Fourth Edition 2023).

An EXHIBIT:

Is composed of natural plant material in all its forms, contained within a space as specified in a show schedule.

Accessories need to go in front of backgrounds, bases, containers, drapes, exhibit titles, and mechanics may always be included in an exhibit, unless otherwise stated.

More than one placement may always be included, unless otherwise stated.

In all exhibits, natural plant material must predominate. Plant material must now predominate in all Still Life Exhibits

NATURAL PLANT MATERIAL

Natural plant material is any vegetable matter.

It includes fresh, dried, garden, wild, foliage, fungi, vegetables, and seaweed or made-up plant material.

It is acceptable to enhance plant material by the application of oil, milk, wax, leaf shine, or other similar products.

ARTIFICIAL PLANT MATERIAL

Artificial plant material is realistic or fantasy plant-forms, made wholly or partly from non-plant material. This includes clay, glass, metal, plastic, plaster, polyester, shells, silk, wax, etc. This also includes fabric and ribbon made from a non-plant source, which is used as a substitute for natural plant material in an exhibit.

Artificial plant material is not allowed unless specifically permitted in a show schedule (see reasons for disqualification).

Artificial plant material or artificial plant forms that are an integral part of a container, base, background or accessory are permitted.

Artificial grass turf must not be used for any purpose including bases.

An ACCESSORY

Anything other than natural plant material in an exhibit, such as feathers, shells, stones, or wax candles.

The following are not accessories and may also be used unless prohibited by the show schedule: backgrounds, bases, containers holding plant material, drapes, exhibit titles, and mechanics.

These may be decorated in any way, but greater credit should be given for the use of natural plant material where appropriate.

REASONS FOR DISQUALIFICATION

Inclusion of fresh plant material that does not have roots or the cut ends of stems in water or water-retaining material.

Exceptions: Air Plants, Cacti, Fruits, Grass Turf, Lichen, Moss, Succulents, Vegetables, and long-lasting plant material which will remain turgid for the duration of a show. (Definition of turgid – the state of firmness of plant tissue resulting from adequate moisture, causing the plant cells to be fully expanded).
